

# Scantron Score™ Test Scoring Machine

## Testing and Assessment Tools

### Automated Test Scoring & Analysis Streamlines Testing Process

NO MORE MANUALLY SCORING TESTS! THE SCANTRON SCORE TEST SCORING MACHINE (TSM) HELPS YOU MAKE THE MOST OF TEACHING AND TRAINING TIME BY AUTOMATICALLY SCORING TESTS AND ANALYZING RESULTS. WITH THE SCANTRON SCORE, YOU CAN ACCURATELY SCORE UP TO 40 TESTS PER MINUTE THEN IMMEDIATELY SEE HOW STUDENTS PERFORMED ON THE TEST.

Good assessment is more than just scoring tests. The Scantron Score can print the correct answer next to each question the student got wrong, helping your students reinforce their learning. Test rescoring lets you give them a chance to correct mistakes. And item analysis features help you see how the test itself performed, defining test validity and identifying areas of instruction that may need more emphasis.

The Scantron Score allows you to concentrate on improving student learning, not test scoring.

### Tremendous Flexibility

Scantron offers nearly 40 different types of answer sheets for use with the Scantron Score. Choose the number of questions, the types of answer choices, whether the test has multiple versions, and many more options to help you create and score the most effective test for your students' abilities. You can also include results from a performance-based assignment (lab projects, reports, etc.) to create a single score using our Subjective Score area. Our unique Low Visibility Answer Sheets (LOVAS) offer increased test security, while mini essay books and forms with blank work space provide areas for answering essay questions and showing calculations.

### More than Test Scoring

The Scantron Score can save hours of manual tabulation time by automatically tallying results from elections, instructor evaluations and surveys. Survey forms and ballots are available in several styles to meet a wide range of needs. A comprehensive list of all forms can be found online at [www.scantronforms.com](http://www.scantronforms.com).

Our customer service representatives are available to provide prompt, knowledgeable service—whether you're placing an order or asking a question about form usage.

The Scantron Score is supported by Scantron's technical support team as well as field service personnel in more than 90 locations throughout the U.S.

### The Scantron Difference

Scantron has been automating test scoring for more than 30 years. Scantron also offers a 100 percent quality guarantee on every form we print. When it comes to accuracy, durability and dependability—Scantron is counted on most!

Call 1-800-SCANTRON for more information on putting the Scantron Score to work for you.

Specifications	
<b>Physical Description</b>	Length: 24.25" Width: 12.0" Height: 12.0" Weight: 7.4 lbs
<b>Environment</b>	Operating Temperature: 60° to 85°F (16° to 29°C) Humidity: 40% to 60% (non-condensing)
<b>Power</b>	100-240 VAC (-10%, +6%), 50-60 Hz US 3-prong plug 15 Amp dedicated circuit
<b>Regulatory Compliance</b>	UL Listed RoHS Compliant Class 1 LED Product ENERGY STAR® qualified
<b>Light Source</b>	Infrared LED (reads #2 pencil marks)
<b>Display</b>	128 x 64 pixel graphic LCD
<b>Paper Handling</b>	3 3/8" X 5" to 8.5" X 12"
<b>Output Stacker Capacity</b>	30 sheets
<b>Scanning Rate</b>	Up to 40 sheets per minute
<b>Printing</b>	Two replaceable long lasting ink cartridges
<b>Upgrades</b>	Uses flash drives via integrated USB port

Scantron Score Features	
<b>Test Scoring</b>	Scores up to 100 questions (multiple choice, true/false, matching) in a single pass. Prints an error mark or correct answer next to wrong answers. Prints the total number of wrong answers as a raw score or percentage and raw score.
