

Fast, Flexible Sorting While You Scan

Flex Stacker™

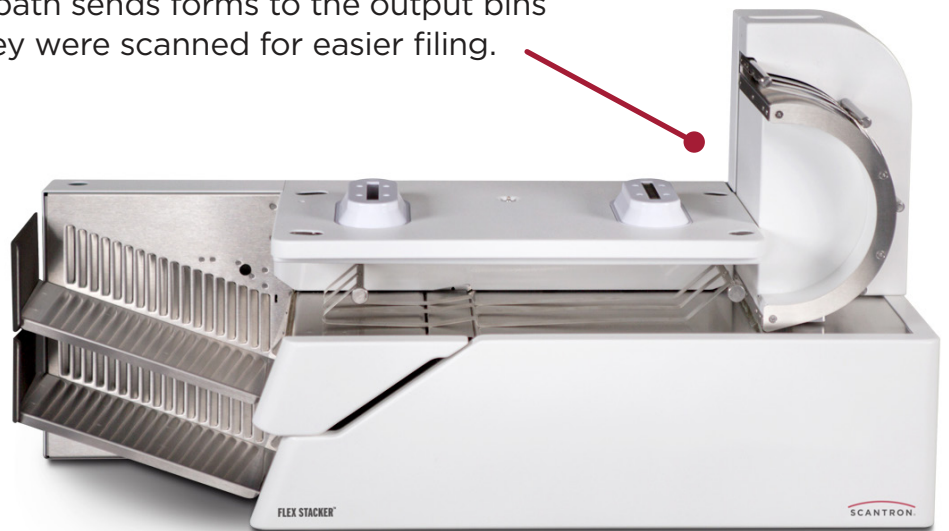

Expand the rapid, reliable color scanning delivered by your iNSIGHT 700c. Take advantage of Scantron Flex Modes for sorting and grouping of scanned booklets without slowing your scan processes.

Keeps Forms in Order

The wraparound paper path sends forms to the output bins in the same order they were scanned for easier filing.

Bin Capacity Supports Rapid Throughput

Two 500-sheet bins keep your sorted output running smoothly without slowing down scanning.

Don't need extra form sizes or large-bin capacity?

Check out the Select Stacker Plus. Compare at www.scantron.com/stackercompare
